Ordinary Council Meeting Minutes held on the 8th April 2026 in St Marks Church Hall, Sticker commencing at 19.00pm.

Present: Cllr Vine (Chair), Cllr Holman (Vice Chair), Cllr Mrs Gudge, Cllr Mrs Harris, Cllr Mrs Heyward, Cllr Mrs Jannaway, Cllr Mrs Tarbox, Cllr Miss Watts, Cllr Davis, Cllr Richards, Cllr Spencer, Cllr Williams

In attendance: Wendy Yelland – Parish Clerk

Public Present: Mrs Linda Burton, Nick Taylor from the White River Project, Jeremy Roberts from Three Bays Wildlife, Cornwall Cllr Julie Cunningham.

OC207/26 Persons Present/Apologies

Cllr Rees Webb.

OC208/26 Declarations of Interest from Members/Dispensations

To **RECEIVE** any Declarations of Interest from Members. To **RESOLVE** to grant any requests for Dispensation in line with the Councillor Code of Conduct 2021 if appropriate.

Cllr Vine declared an interest on Agenda Item 10.

OC209/26 Public Participation

Jeremy Roberts from The Three Bays Wildlife Group gave a slide presentation on how the groups focuses on protecting and improving local wildlife and habitats through a mix of community and scientific work, including on protecting and improving local wildlife and habitats.

- Wildlife monitoring & surveys (e.g. dolphins, seals, birds)
- Citizen science projects (collecting and sharing wildlife data)
- Awareness & education (talks, walks, events)
- Practical conservation (beach cleans, habitat work)
- Fundraising & campaigning

The group operates along the south Cornwall coast, roughly:

- From Charlestown / Carlyon Bay
- Across St Austell Bay and Mevagissey
- To West Portholland and the Roseland Peninsula
- Including nearby rivers and coastal waters

The Three Bays Wildlife Group actively encourage locals to contribute sightings to help build a better picture of biodiversity in the area.

Nick Taylor from The White River Project gave a slide presentation The project focuses on the St Austell River (also called the White River) and its surrounding catchment area. It started around 2021 as a collaboration between local parish councils, community groups and environmental organisations. The aim is to restore, protect, and improve the river and its valley. The project is about much more than just the river itself and is to

- Improve water quality (historically affected by china clay mining)
- Boost biodiversity and wildlife habitats
- Reduce flooding risks
- Create better walking routes and public access
- Support local wellbeing and recreation
- Celebrate heritage of the river and valley

The project spans the full river system:-

- From Hensbarrow / clay country uplands
- Through St Austell town
- Down the valley to Pentewan Beach

This whole area is being looked at as one connected “river catchment” for long-term improvement

The White River got its name from the white colour caused by China clay waste entering the water historically and because of that legacy, the river faces:

- Pollution
- Habitat loss
- Altered flow and flooding issues

The project aims to reverse that damage and future-proof the area.

The Chair Cllr Vine thanked both gentleman for a very interesting presentation and invited both groups back at the September meeting to give an update.

OC210/26 Cornwall Cllr Report Little Trelowth Park, PL16 7DU

- Residents have raised concerns about the safety of the site entrance.
- Issues include:
 - Vehicle speed
 - Poor visibility when exiting the site
- I visited the location and agree the exit is hazardous.
- The matter has been reported to Highways.
- Highways have agreed to:
 - Install a speed monitoring device
 - Review speed limit gateway positioning
 - Consider improvements to road markings
- It was also recommended that the site owner cut back vegetation to improve visibility.
- I am currently awaiting a response from the site owners.

Ashdown Close, PL26 7EU

- A parishioner reported surface water pooling on the road during heavy rainfall.
- I am pleased to confirm that this issue has now been resolved.

Trewoon – A3058 (Blind Bend near Trewoon Chapel)

- Concerns have been raised regarding safety at a blind bend on the A3058.
- Recent incidents include:
 - A cyclist involved in an accident requiring an air ambulance
 - A delivery vehicle parked on the bend while unloading, nearly causing an accident
 - A nearby cottage being struck by a vehicle
- Residents have provided photographic evidence.
- I requested the installation of double yellow lines at this location.
- Highways advised this could be progressed through the CHIP Fund.
- An Expression of Interest has been submitted and a response is awaited.
- At the time, due to internet access issues, it was not possible to consult all Parish Councillors and therefore no collective agreement could be confirmed.

Tremeadow Rise, Trewoon, PL25 5FH

- I met with four residents from Tremeadow Rise, all of whom live in freehold bungalows.
- Concerns raised include:
 - Annual maintenance charges
 - No visible services provided in return
- There are twelve bungalows in total, and all residents are in agreement.
- There is concern the agreements may have been misrepresented at the point of purchase.
- This matter is ongoing, and I will continue to provide updates.

OC211/26 Ordinary Council Meeting Minutes: 4th March 2026

It was

RESOLVED that the above Minutes of the Meeting of St Mewan Parish Council having been previously circulated, be taken as read, approved, and signed. Including Confidential Minutes. Prop Cllr Mrs Tarbox, sec Cllr Debbie Watts.

OC199/26 Service Level Agreement for Sticker Car Park 26/27 – Submitted

Sticker

Parking Permits on going

Resident email – Resident provided video footage of an individual in Sticker Activity Park with a dog and two children who challenged the individual. Clerk thanked the resident for community-spirited action; however, advised that recording or intervening in such situations may place them at personal risk. CCTV is now in place and residents should report concerns directly to the Council, enabling review of footage and appropriate action.

Elderly resident tripped over a damaged kerb outside Sticker Bus Stop. Have emailed Highways giving them resident details. W262161236 Defective Road Surface and understand action is being taken. Resolved

Locked gate between the leat and Lower Sticker Playing Fields was damaged during the storm.

One panel of the Parish Council's Heras fencing has been installed by the Maintenance Man to address the safety concerns. Resolved. Parish Council Maintenance Man has erected a fence.

Suspended Blodorn Cornovii (Viking re-enactment contact training in Lower Sticker Playing Fields due to very wet ground conditions. Now returned to training

Resident email – Questions raised on CCTV in Sticker Open Space. CCTV been installed at Polgooth Play Area, Sticker Activity Park, the Scouts Hut, and Sticker Open Space as a security measure to help protect the community. Purpose is to deter and address issues such as fly-tipping, antisocial behaviour, dogs being out of control, and instances where dogs are brought into children's play areas despite clear 'no dogs allowed' signage. This decision was made following recommendations from Devon & Cornwall Police.

Sticker Open Space, often referred to as a 'dog field,' remains available for families and children to use for general recreational purposes. However, the Parish Council reserves the right to withdraw permission for dogs at any time which is why appropriate signage is in place.

The system is not actively monitored and is only used to review footage if an incident is reported. Clear signage will be installed to indicate that CCTV is in operation. All installations comply with legal requirements and adhere to St Mewan Parish Council's data protection policies, which are regularly reviewed.

I can also confirm that the cost of supply and installation has been covered by the Community Benefit Fund and does not impact the parish precept or result in any cost to local taxpayers. I would also like to mention that Trewoon Play Area and Community Garden has had CCTV in place for nearly three years where it has proven to be highly effective in helping to protect the community when they are enjoying the wonderful facility we have there for everyone.

Suspended enforcement for 8th April 26

Suspended enforcement for 30th May and 20th June for Sticker Community Events.

Elderly resident request for gate access code from Sticker Open Space (dog field) to Sticker Activity. Unable to issue an access code on an individual basis, as it is important to ensure fairness to all residents. Dogs entering the play area and the associated health and safety risks have been important to address over the years as it was a common occurrence of dogs in the play area which was not acceptable. Clerk to give further update.

Reference: W262170981. Issue: Defective Manhole (broken, rocking etc)

Sticker Open Space – MM repaired hole in fencing between field and Scouts Hall to avoid dogs going through into Scouts Land.

Noah Law MP – Letter to all Sticker residents that due to a number of residents who has written to him re speeding he has contacted the police to request an update on the action being taken. The road safety team will assess the site for a suitable location for the mobile camera van.

Hewaswater

Highways will gather data from the device and report their findings to PC. April Agenda item

Polgooth

Chapel email – Abandoned car in Chapel car park. Reported. Resolved

Resident – Phone call concerned about the CCTV in Polgooth Pay Area. Explained the reasoning as per email response to Sticker resident.

Trewoon

Resident – Flytipping of 2 fire-extinguishers laid on the grass outside The Children’s Play Area/Village Hall. Resident has kindly contacted Cornwall Fire Service to ask what the correct method of disposal is for ‘Powder Fire Extinguishers’ and await their advice.

Resident –Trewoon Playing Field. Potential damage to the Mowing Contractor’s equipment by the golf balls being left on Trewoon Playing Field. 13 golf balls and 14 plastic golf picks. Being left on the Playing Field at night, by a small group of teenagers who use the Playing Field as a driving range. Bring a night light with them and their target is the number ‘3’ on the Multi purpose wall. No signage to say that this recreation is forbidden. Does the Parish Council support this activity. Clerk has alerted the grass contractor.

Resident – Kissing Gate Repair’. ‘Public Right of Way’ the other metal Kissing Gate has recently suffered damage. Would like the metal gate fixed.

Trewoon Village Hall

Simple Solar booked again for a separate circuit board to be installed as it is alleged that the solar panels are tripping all the electrics. O

Meeting with Dave Hambly Electrical Ltd. Wednesday 1st April 08.30am at Trewoon Village Hall. Issues with allegedly PC Solar Panels tripping resulting in village hall turning of panels. To change RCD main switch for normal main switch and replace the MCB’s on the outgoing for RCBO’s so each individual circuit are properly protected. To have a separate board is more complicated and will involve National Grid and space is limited. The board as it is, was the cheaper option for TVH several years ago. The village hall has turned off the solar panels. Dave Hambly has been appointed by the Clerk in conjunction with the Chair to address as a matter of urgency.

OC214/26 Climate Change Objective (Standing Agenda Item)

- a) To **RECEIVE** any updates, **RESOLVE** any action required, **AGREE** associated expenditure if necessary. Cllr Holman has produced a report which can be circulated at the May meeting.
- b) To **CONSIDER** No mow ‘ May’ in The Goffin and Sticker Open Space (referred to as the ‘Dog Field’). Cllr Spencer expressed that the play areas were significantly affected last year due to No Mow May. Cllr Williams suggested a compromise approach of implementing a half-and-half arrangement. The Clerk advised that the contractor is amenable to observing No Mow May in two designated areas, however, adopting a half and half approach across sites would be complex and fall outside the scope of the current tender agreement. It was **RESOLVED** to **APPROVE** No mow ‘May’ in The Goffin and Sticker Open Space (referred to as the ‘Dog Field’) only. Prop Cllr Holman, sec Cllr Davis. **Action: Clerk to instruct grass contractor.**

OC215/26 Polgooth Village Hall (Standing Agenda Item)

Update on site meeting held in The Goffin with Wheal Jane Consultancy, Cllr Spencer, Cllr Richards, Clerk and Deputy Clerk. Apologies from Cllr Mrs Harris, Cllr Davis and Cllr Holman. Cllr Richards was impressed with Wheal Jane Consultancy and their professionalism and how they agreed the top site would be the best option. Council

has had confirmation from an outside group that the bird and bat boxes are to remain, and Wheal Jane are not drilling underneath. To drill one area and if the outcome is positive to expand the area for parking facilities. The clerk confirmed a date will be booked which needs to coincide of informing the residents directly adjacent as Wheal Jane recommended and to put a social media post. Cllr Richards has kindly offered to be on site whilst drilling occurs.

a) To **CONSIDER** revised quotation for one drill site. Quotation and other information previously circulated.

It was

RESOLVED to **APPROVE** the revised quotation for one drill site only. Prop Cllr Vine, sec Cllr Mrs Jannaway.

Action: Clerk to instruct Wheal Jane Consultancy. Clerk/Deputy Clerk to inform the adjacent properties in The Goffin advising of noise when drilling and put a social media post out. Action: Clerk to book date with Wheal Jane.

OC216/26 Trelavour Lithium Project – Statutory Consultation under 42 of the Planning Act 2008

To **CONSIDER** a collective response on behalf of St Mewan Parish Council.

Cllr Holman and Cllr Williams attended the in-person consultation events at venues near the project site.

Members of the Cornish Lithium team and other technical experts were available for questions. It was emphasized that that there would be **NO DIRECT** impact on our parish area, although individuals may be impacted over a wider area, such as by transport of materials and waste.

They also emphasized a common misconception that the project would be processing old china-clay waste to extract Lithium from it. We were told that whilst china-clay waste would contain some lithium as a large proportion of the waste would come from areas where Lithium was not present in the granite and this would not be a viable scheme. The lithium would be extracted from mining hard rock and to a certain extent from the water contained in the ground. We asked about transport implications, and we were told that the processing of the mica to extract lithium would not be done in Cornwall and the materials for processing would be moved outside the local area and indeed outside Cornwall by the existing railway line to existed in the project area.

Concerns about noise would not have an impact on our parish area. Additionally waste material that might enter local watercourse did not impact on rivers and stream flowing through our parish area, although there might still be some existing china-clay discolouration of water that was a product of activities outside the Cornish Lithium project area. We looked at a series of photographs of the existing area and projected images of what any changes might look like when the project was set up and running.

Conclusion: The meeting was very professionally held and should have allowed people attending to get a better understanding of what the implications of the project are locally.

We felt that the project as outlined should be supported by the Parish Council and as a Parish Council, we must keep up to date with developments and any changes that may arise and ensure that any concerns from our parishioners are addressed in a timely manner.

It was

RESOLVED to **SUPPORT** the Consultation. Prop Cllr Holman, sec Cllr Willimans. **Action: Clerk**

OC217/26 Parish Council Emails

To update members. **RESOLVE** how best to proceed.

Members received a briefing note previously circulated. The Clerk, Deputy Clerk, and Councillor gov.uk email accounts were unavailable from 18th March to late 23rd March. During this period, no email access was possible, telephone contact with the provider was unsuccessful and delay with no service status update or public notice was issued on the provider's website. Reports on social media indicated that multiple Town and Parish Councils experienced similar issues which suggested a wider service disruption. Cllr Williams also tried contacting them. The Clerk confirmed that there have been previous instances of email instability, and the provider is proposing a migration to a different server. The company has confirmed this migration will result in the loss of stored contacts and the clerk would query potential loss of other data. The clerk understands there are reports from at least one other Parish Council that access issues persisted even after migration.

Cllr Williams provided a briefing note on how best to move forward and

It was

RESOLVED that delegated authority is given in conjunction with the Clerk to contact Vision ICT in the first instance to investigate further their issues and to look at moving to Microsoft Office. Prop Cllr Vine, sec Cllr Holman. **Action: Cllr Williams and Clerk.**

OC218/26 Action Plan 26/27

To **REVIEW** 26/27 Action Plan with additions from Minute No OC 195/26.

It was

RESOLVED to **APPROVE** with appointed members in conjunction with the Clerk/Deputy Clerk. Prop Cllr Vine, sec Cllr Holman.

OC219/26 Highways and Footpath Matters

a) To **RECEIVE** Highways Speed Visor Summary Sheet Monitoring C0757 Hewas Water 40mph (Westbound).
RESOLVE how best to proceed.

Members noted concerns regarding the 85th percentile speeds, despite the overall mean speed being within acceptable limits. The Clerk has consulted with Highways, and the initial recommendation is to establish a Community Speedwatch Group. Although residents at the site meeting had expressed interest in participating, the recent relocation of one resident means there is currently insufficient commitment to move this forward. As an alternative, the possibility of introducing additional traffic calming measures could be considered for next year through a Highways Scheme application. Another option discussed with Highways is the rotation of one of the Parish Council's Speed Activation Devices. The Clerk will publish a notice to gauge whether any residents are willing to come forward and form a Community Speedwatch Group. **NOTED.**

b) Any matters arising for urgent business to be transacted up to time of meeting

15/1 The path was last inspected on 4th Feb following the improvement works which were carried out. No further works are planned at this time; however, the Countryside Access Team will monitor and can arrange any top ups if they feel it be required.

With regards to signage, CAT can attach the 'no horse riding' plaques at either end, but it is impossible to enforce.

4/1 No update

39/1 -Fallen tree reported

c) **CC Public Realm Improvement and Re-introduction of Weed Treatment came in on the 31st March 2026 – Deadline is 20th April 26.** All documents and maps were previously circulated to Cllrs.

Cornwall Council's Cabinet has instructed Cornwall Highways & Environment Services to begin a new programme of weed treatment and public realm improvements across Cornwall. This decision follows evidence of declining standards since routine weed management stopped in 2013, resulting in increasing complaints, narrowing footways, damaged surfaces, and perceived reduced community pride.

We have reviewed options and have directed Cormac Solutions Limited to carry out the following on the adopted highway network:

The aim of this recovery programme is to restore safe, accessible streets and deliver consistent standards across Cornwall. We want to support strong, safe, clean and well-maintained communities and to ensure Cornwall's neighbourhoods reflect the pride residents have in where they live.

All briefing notes from Cornwall Council were circulated with the village street maps.

St Mewan Parish Council already undertakes weed control with an outside contractor who has been appointed for 26/27 and

It was

RESOLVED to opt for the Service Level Agreement with Cornwall Council and sub contract the street cleanse twice a year to meet the criteria. The clerk has contacted Biffa who carries out this work for Cornwall Council, but they do not offer the service as a sub-contractor. The clerk has had confirmation from the Localism Department who confirmed this can be reviewed by the Parish and Town Councils on an annual basis for the next three years. As the Parish Council has used South West Sweepers previously the clerk has presented a quotation.

It was

RESOLVED to enter into a SLA for Town / Parish Council Weed Management Opt out Agreement 2026-27 and to review for 27/28 and the clerk is authorised to sign the agreement and appoint Southwest Sweepers. Prop Cllr Mrs Jannaway, sec Cllr Holman. **Action: Clerk.**

OC220/26 Finance

a) To **APPROVE** the April 26, pay schedule as presented.

It was

RESOLVED to **APPROVE** the pay schedule as presented. Prop Cllr Vine, Cllr Mrs Gudge.

b) The bank balances and bank reconciliation were **NOTED** as of 31st March 2026

OC221/26 Members reports/feedback from training/workshops/meetings/external bodies/matters of interest in the parish

Nothing to **NOTE**
